Montevideo, 21 June 2018

On behalf of the technical Commission of Maritime Front (Comisión Técnica Marítima del Frente Marítimo - CTMFM) I am pleased to

communicate to you that the Maritime Front has been granted the status of a

public utility company, which allows it to be regulated by the

State and to be subject to the same regulatory framework as other

public utility companies. This status is a recognition of the

importance of the Maritime Front for the conservation, preservation,

and management of the maritime resources of the country.

On this basis, we believe that the CTMFM can contribute to the

reparation of the inventory of maritime resources and the

management of the maritime resources of the country.

Very respectfully,
Secretary of the Maritime Front
