and again. We look forward to the convening of the second (in-person) Counter-Terrorism Week, including the seventh biennial review of the Global Counter-Terrorism Strategy, the Second High-Level Conference of Heads of Counter-Terrorism Agencies of Member States, and the first Global Congress of Victims of Terrorism next year.

9. Malaysia has undertaken continuous vigilance on online activities as part of our counter-terrorism efforts. The Southeast Asia Regional Centre on Counter-Terrorism (SEARCCT) continues to engage with youths and speak to them on the dangers of radicalisation to their psyche. Malaysia is also joining New Zealand and France in the Christchurch Call to Action which seeks to eliminate terrorist and violent extremist content online.

10. We continue to focus on detection and prevention measures to stay ahead of local Daesh supporters and sympathisers. Stricter control of international borders contributed significantly to the reduction of movement of foreigners into Malaysia, hence giving advantage to counter-terrorism efforts in hindering suspicious entry of foreign terrorist fighters as well as other extremist elements. Malaysia also remains vigilant to the emerging threats of cyber-attacks against critical national infrastructure and bioterrorism, and will continue to enhance our efforts against this scourge.

11. Finally, Malaysia reiterates its commitment to work within the United Nations framework in the efforts to prevent and eliminate terrorism in all its forms and discussions at this General Assembly as well as our commitment to see a world free from terrorism.

Thank you.
