## ABOUT THE PEACEBUILDING FUND

The Secretary-General's Peacebuilding Fund is the organization's financial instrument of first resort to sustain peace in fragile and post-conflict situations at risk or affected by violent conflict. The Fund may invest with UN entities, governments, regional organizations, multilateral banks, national multi-donor trust funds or civil society organizations.

The Fund works across pillars and supports integrated UN responses to fill critical gaps; respond quickly and with flexibility to emerging opportunities; and catalyze processes and resources in a risk-tolerant fashion.
