Prepares for Patient Departure:

- Inform local authorities of pending evacuation and airport access
- Confirm that travel documents are in order or requests alternate travel document and clearance from authorities
- Ensure the ambulance services patient transportation to airport
- Check if there are escorts, ensure that travel documents are in order
- Obtain letter of guarantee for releasing and receiving hospitals

Validates Patient Information with MCU

- Ensure that TMP provides the medical summary/ report to MCU & medical escort teams
- Travel documents of patient + escorts
- Letters of Guarantees, medical insurance information
- Check on accommodations for escorts/ family

- Notify medical provider, discharging hospital & ambulance services
