

time of the High-level Dialogue. In line with the milestones set out in the Global Roadmap, by 2025, UN-Energy committed to support, facilitate and catalyse, *inter alia*, 500 million more people to gain access to electricity, and 1 billion more people to gain access to clean cooking solutions, as well as a 100 per cent increase in renewables capacity globally, no new coal power plans in the pipeline after 2021, 30 million jobs in renewable energy and energy efficiency, and doubling annual clean energy investment globally.

To tackle these large-scal

A work plan to strengthen the role of women in a just and inclusive energy transition was launched by partners including the Governments of Canada and Kenya, Student Energy and ENERGIA, coordinated by the UN Industrial
