Sign each child's name and date at the beginning of this page, and the parent's name at the end of this page. Create a class space, expect for physical behavior. Key points to be made. Ad it is acceptable to use this page for... particular things and the categories being recognized, if it is the Pacific... for a particular page and story.

Chapter III. Science, Technology and Digital Literacy

The gender bias in STEM is addressed. A variety of activities are provided, which encourage students to explore STEM fields. We need to provide more opportunities for girls in STEM.

Not only is the gender gap in digital literacy addressed, but the need for digital literacy is also emphasized.
