

UN SYSTEM-WIDE COVID-19 VACCINATION PROGRAMME

VACCINATION CERTIFICATE INFORMATION

VERSION: 24 JANUARY 2022

ABOUT THE UN SYSTEM-WIDE COVID-19 VACCINATION PROGRAMME

The UN is committed to ensuring the protection of its personnel. Tasked by the Secretary-General, the Department of Operational Support (DOS) is leading a coordinated, UN-system-wide effort to ensure the availability of vaccine to UN personnel, their dependents and implementing partners. The roll-out of the UN System-wide COVID-

provide a significant boost to the ability of personnel to stay and deliver on the Organization's mandates, to support beneficiaries in the communities they serve, and to contribute to our on-going work to recover better together from the pandemic. Information about the Programme is available at: <https://www.un.org/en/coronavirus/vaccination>

ABOUT THE VACCINATION CERTIFICATE

Upon administration of the requisite vaccine dosage, a certificate of vaccination is generated through

International Certificate of

Note: This certificate may not dispense with travel restrictions put in place by the country(ies) of destination. As the nature of the pandemic continues to rapidly evolve, it is highly advisable to check the latest travel regulations. As scientific information relative to the vaccination as well as tests on immunity against COVID-19 also continue to evolve, noting the appearance of variants of the 2019-nCoV coronavirus, it is important to stay informed of the applicable public measures in place as well as the restrictions applied in the country of destination.

VACCINES DISTRIBUTED THROUGH THE UN VACCINATION PROGRAMME

All vaccines administered through the Programme have been approved under emergency use listing procedures (EUL) by the World Health Organization, after a rigorous assessment of efficacy and safety.

In particular, the UN has acquired doses of:

COVISHIELD, the version of AstraZeneca/Oxford COVID-19 vaccine manufactured by the Serum Institute of India, approved under emergency use listing procedures (EUL) by the WHO.

JANSSEN Ad26.CoV2.S vaccine against COVID-19 manufactured by Janssen (Johnson & Johnson), approved under emergency use listing procedures (EUL) by the WHO.

MODERNA (mRNA-1273) vaccine, also known under the trade name of “ Spikevax” in some countries manufactured by Moderna, approved under emergency use listing procedures (EUL) by the WHO.

BBIBP-CorV (SINOPHARM) manufactured by the Sinopharm/ China National Pharmaceutical Group, approved under emergency use listing procedures (EUL) by the WHO.
